HAUSER LAKE. BLACK SANDY STATE PARK

Black Sandy has been a favorite recreation destination for years. It is located about 15 miles northeast of Helena and provides year-round fishing opportunities on Hauser Lake.

Prior to 1980, Black Sandy was operated by the Montana Power Company (MPC) as a recreational area. In 1980, MPC gave management of the site to Fish, Wildlife & Parks; and in 1982, it was designated as a state recreation area. Ultimately, MPC donated the land to FWP which has since added improvements such as a new boat ramp, courtesy docks, overnight campsites, restrooms with running water, a hiking trail, and interpretive information. The park is also located along the route taken by Lewis and Clark's Corps of Discovery in 1805.

BLACK SANDY STATE PARK OFFERS:

- Hiking trail
